News topics from BBC like Top Headlines, Human Rights, New Tech, Politics, Hot Spots, Success Stories, Telecom, and Artsy

"Finally I can get the news I want without looking for it. And it's in a format that works anywhere."

"I mean, if you need more info, you can always find it later."

Business topics from FT.com like Money, Cars, Investments, Tips, Sales & Marketing, Techno, Publishing, World

"I'm so much more productive. I get a lot more done without surfing on 100 different sites all day."

"I don't mind the ads because they're tied to to my interest."

Music genres by Pandora, collections of different artists, easy navigation and visuals.

"It's like being in a music store and someone walks up and says, 'It's all your's.' I like that you can even send songs."

"I've really saved a lot of money since I buy only the songs I like."

Sports news, highlights and tips from Adidas such as Basketball, Football, Cricket, Boxing, Hockey, Golf, Olympics, and Top Stories

"Those pop-ups about my favorite athletes & teams are like little pieces of candy."

"The TIPS thing is brilliant. I got a video of Tiger showing me how to swing - my game is so much better now."

Weather updates by Rolex about your Home City, Interest Cities, and regions. Includes 4-day multimedia forecast.

"It's nice to not be so dependent on being online all the time."

"I like knowing what the weather's like back home where my parents live. It's like being there."

Flash interface mock-up. Made to be presented in print and as "working" demonstration prototype on mobile phone.

Coat of Arms design made in Illustrator.

Portfolio

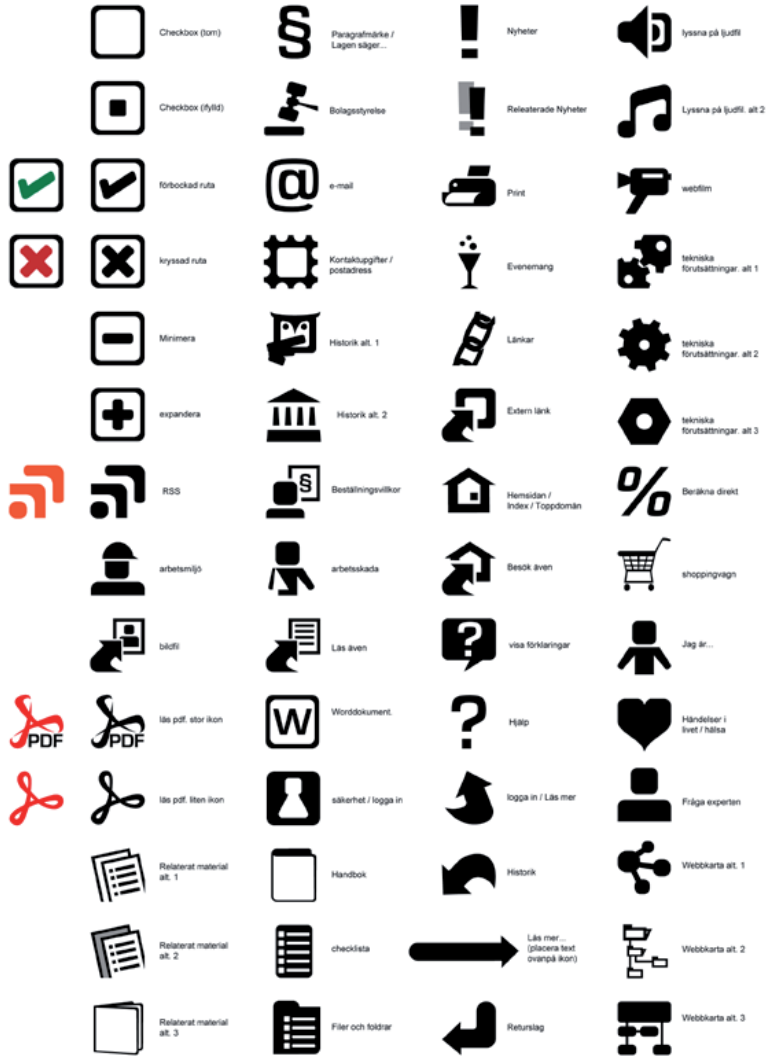

Artwork made in Photoshop. Based on a roleplaying game. Personal work.
